

Maxime Roche

PhD candidate, Department of Economics and Public Policy
Centre for Health Economics & Policy Innovation, Imperial College London, UK
Email: m.roche21@imperial.ac.uk / maxime.roche@edhec.com
Website: <https://www.maximeroche.com/>

Updated: 23 June 2026

Professional Experience

Asian Development Bank – Manila, Philippines **Starting Sep 2026**
Agriculture & Nutrition Economist (full-time) – Agriculture, Food, Nature, & Rural Development Sector (SD2)
Young Professional Programme

International Food Policy Research Institute – Washington DC, USA **Jan - May 2025**
Research Assistant (part-time, remote) – Foresight & Policy Modeling Unit

- Led a global systematic literature review of peer-reviewed studies estimating income and price elasticities of food demand, screening over 550 publications
- Performed a meta-analysis and estimated predicted meta-estimates by world region and food group
- Used estimated relationships to project global food demand through 2050 under climate scenarios
- Led the analysis and drafting of manuscript in collaboration with two co-authors (PI: Olivier Ecker)

Imperial College London – London, United Kingdom **Jun 2023 – Mar 2024**
Research Assistant (part-time) – Centre for Health Economics & Policy Innovation (CHEPI)

- Led the study design, data curation, analysis, and writing of a manuscript for the research project [“Modelling the Impact of a Tax on Foods high in fat, sodium, and sugar in India”](#) (PI: Franco Sassi)
- Coordinated a multidisciplinary team of 8 collaborators, including colleagues at CHEPI, the Indian Institute of Economic Growth, and Resolve to Save Lives; and led the publication in *PLOS Medicine*
- Presented research plans and results in stakeholders' engagement meetings at the Indian Institute of Economic Growth (Jun & Dec 2023) in New Delhi, India, including government officials

World Health Organization – Geneva, Switzerland **Apr 2022 – Jul 2023**
Consultant (part-time, remote) – Fiscal Policies for Health, Healthy Environments and Populations division

- Provided technical guidance and support in the conceptualization, survey design, global data collection, and analysis of alcohol and sugar-sweetened beverages prices and taxes
- Built databases and drafted [two WHO reports](#) and peer-reviewed articles for dissemination
- Led data collection for Latin American and Caribbean for WHO Report on the Global Tobacco Epidemic

Pan American Health Organization (WHO Regional Office) – Washington DC, USA **Mar 2019 – Mar 2022**
International Consultant (full-time) – Risk Factors & Nutrition Unit
Economics of Noncommunicable Diseases (NCDs) team

- Performed economic analyses of the return on investment of scaling up population level nutrition and health interventions to prevent noncommunicable diseases (Colombia, Peru, Suriname)
- Led survey instrument design, data collection, and analysis of prices and taxes on tobacco, alcohol, and sugar-sweetened beverage in Latin America and Caribbean, and built pioneer tax share indicators
- Designed capacity-building activities and participated in in-country missions and technical nutrition and health policy support to governments (El Salvador, Mexico, Paraguay)
- Managed inter-agency coordination (IDB, UNDP, World Bank) and regional governmental meetings
- Oversaw implementation of a budget of over USD 150,000 and mentored junior staff
- Synthesized evidence for policy briefs and guidelines, and led publication of multiple technical reports

World Bank – Washington DC, USA **Dec 2018 – Feb 2019**
Consultant (full-time) – Health, Nutrition & Population Global Practice
Health Equity and Financial Protection Indicators (HEFPI) dataset

- Participated in constructing a global dataset on health services utilization, health and nutritional outcomes, and financial protection against excess medical spending
- Coded 60+ surveys from developing countries: MICS, DHS, WHS (using STATA software)

KPMG – Paris, France **Sep 2015 – Feb 2016**
Junior Auditor (internship) – Department of Energy, Chemistry, and Pharmacy

- Carried out financial audit missions for CAC40 companies or subsidiaries of international groups
- Performed audit tests: treasury, fixed assets, stocks, equity, and accounts receivable/payable

Education

Imperial College London – London, UK **Sep 2022 – present**
PhD in Economics (expected graduation Summer 2026) – Department of Economics and Public Policy
Affiliated with the Center for Health Economics and Policy Innovation (CHEPI)
Thesis: “Essays in the Economics of Food & Nutrition” (defense date: September 2026)
Committee: Prof. Bhavani Shankar, Prof. Marisa Miraldo
Supervisors: Prof. Franco Sassi, Dr. Laure de Preux
Visiting researcher Spring 2025 to Dr. Ariel Ortiz-Bobea
Cornell University Dyson School of Applied Economics & Management - Ithaca, NY, USA

Imperial College London – London, UK **Sep 2021 – Aug 2022**
Master of Research in Economics – Department of Economics and Public Policy, GPA: 78%, Distinction

University of Amsterdam – Amsterdam, Netherlands **Sep 2017 – Jul 2018**
Master of Science in Economics (Public Policy track) – GPA: 8.3/10

EDHEC Business School – Nice, France **Sep 2014 – May 2017**
Double Degree MSc Corporate Finance and Banking / Master in Management – Programme Grande École
Academic exchange Spring 2016 at **Universidad Adolfo Ibáñez – Santiago, Chile**
MEPP – Magíster en Economía y Políticas Públicas (Master in Economics & Public Policy)

EDHEC Business School – Lille, France **Sep 2013 – May 2014**
Bachelor’s degree in Business Management – Programme Grande École

CPGE Lycée Joffre – Montpellier, France **Sep 2011 – Jun 2013**
Classe Préparatoire aux Grandes Écoles – Preparatory classes (120 ECTS – Equivalent of 2 years of Bachelor) in Mathematics and Physics for entrance in top French engineering and business schools

Teaching experience

Imperial College London – London, United Kingdom **Sep 2024 – Feb 2026**
Tutorial leader

- Microeconomics 2, BSc Economics, Finance, & Data Science (course lead: Prof. Tommaso Valletti) - 10-week course - 5h teaching/week (76 students) - student feedback [Fall 2024](#): 4.7/5, [Fall 2025](#): 4.6/5)
- Health Economics, MSc Global Health Management (course leader: Prof. Marisa Miraldo) - 5-week course - 2h teaching/week (105 students) - student feedback [Fall 2024](#): 4.8/5.

ONCAMPUS Global, University of Amsterdam – Amsterdam, Netherlands **Sep 2017 - Aug 2018**
Mathematics teacher, Pre-Bachelor program to enter the Bachelor of Science in Economics

- 22 international students (age 17-23) - year-long course - 12h/week - Calculus, Algebra II, Statistics

Languages and IT Skills

French (Native); English (Fluent); Spanish (Fluent)
Software skills Stata, Python, LaTeX, Microsoft Office (Advanced); VBA, Tableau (Working knowledge)

Grants and Awards

2021-2025	UK Economic and Social Research Council London Interdisciplinary Social Science Doctoral Training Partnership studentship Full-time tuition, monthly stipend, research & training funds (GBP 144,000)
2025	Turing Scheme UK Global Fellows Fund , overseas research funding (GBP 1,700)
